chapter.

## STEP 1 Version history

- Versions of the Prusa Face Shield
  - 03/2019 - Initial version RC1
  - 03/2019 - Upgraded version RC2
  - 03/2019 - Upgraded version RC3

---

## STEP 2 Version RC1

- Initial version of the design.

## STEP 3 Version RC2

### ◆ **Changes in the RC2 version** (compared to the RC1):

- ◆ Increased wall thickness (slightly stiffer and more durable)
- ◆ The headband is no longer printed compressed - Lower pressure on the temple.
- ◆ The visor was moved further away from the forehead - This allows a better fit over bigger respirators and protective goggles.
- ◆ The printed part now has an extension for the visor (the visor curves less than the headband).

## STEP 4 Version RC3

- ◆ Changes in the RC3 version (compared to the RC2):
  - ◆ Removed hexagonal holes for faster printing speeds.
  - ◆ Several optimizations for stack printing.
  - ◆ New print files with 4 headbands stacked on top of each other.
  - ◆ New US version to fit the triple punch hole.
